

Dear Parents of Grade Five students:

It is my pleasure to be the grade six homeroom teacher. Working together we will have many successes. Although I have taught grades 4-9, here at NPCCS, I have not had the pleasure of teaching grade six. This will be a new and exciting year for all of us. Every morning we will share devotions, then spend the first half of the morning doing Literacy together. I am looking forward to working together in September.

See you then,  
Mrs. Wruk

Here is a list of school supplies that each Grade Six student is expected to bring (labeled) on the first day of school. If you choose to use School Start to order your supplies you may still order online up until Aug. 3 (late fees apply after this date). These will be delivered to your physical address (no PO Boxes).
