# WELCOME TO GRADE TWO

**I look forward to seeing you all on the first day of school and am very excited to be your Grade Two teacher! Here is a little bit about myself:**

I have been teaching for 11 years, 9 of which have been at NPCCS! Over the course of my teaching career I have taught grades 6, 5, 4, 2 and 1. I feel incredibly blessed and privileged to be part of this Christian Education Community. I value being able to teach from a Christian perspective and encourage my students to become inquisitive lifelong learners! I believe children learn best through hands-on experiences that spark curiosity and creativity. My goal is to help each child discover more about God and understand their unique place in His story, growing both in knowledge and in their relationship with Him.

Art, camping and spending time with family are only a few things I like to do with my spare time. My husband Andy and I have been married for 11 years and enjoy farming together. We have two energetic boys who absolutely love being outside, always exploring and adventuring. They keep us on our toes with their boundless curiosity and endless energy! We love spending time together as a family, going for tractor rides, spending time with friends and exploring outside.

I look forward to a year of learning with students and parents. I hope you have a great summer and I look forward to seeing you all in August!

Mrs. Rentz 😊
